EEP AFRICA

The Energy and Environment Partnership Trust Fund (EEP Africa) provides early stage grant and catalytic financing to innovative clean energy projects, technologies and business models in 15 countries across Southern and East Africa.

EEP Africa focuses on three core activities with the goal of contributing to achievement of the Paris Climate Agreement and Sustainable Development Goals (SDGs).

EEP Africa is hosted and managed by the Nordic Development Fund (NDF) with funding from Austria, Finland and NDF.

Financing Windows

EEP Innovation provides early stage grant financing through competitive, open calls-for-proposals. EEP Africa has conducted 15 calls since 2010.

EEP Catalyst is the Fund's impact investing window providing follow-on debt financing to successful EEP Africa grantees.

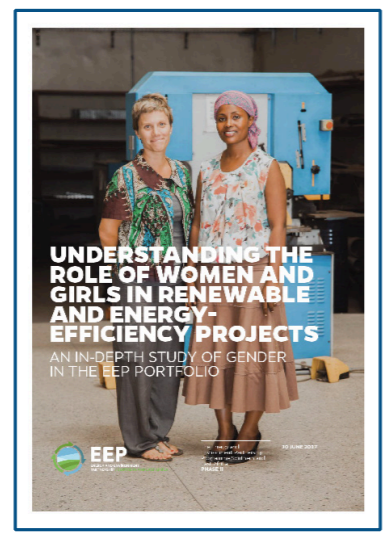

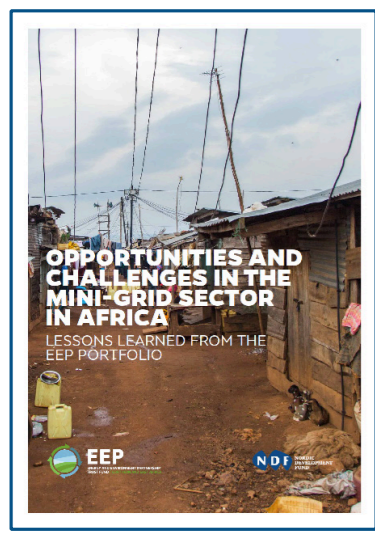

Key Events

Investor Forum: An invitation-only matchmaking event offering investors access to a pipeline of investable clean energy projects and project developers. Recent Investor Forums took place in Cape Town (May 2019) and Nairobi (December 2018).

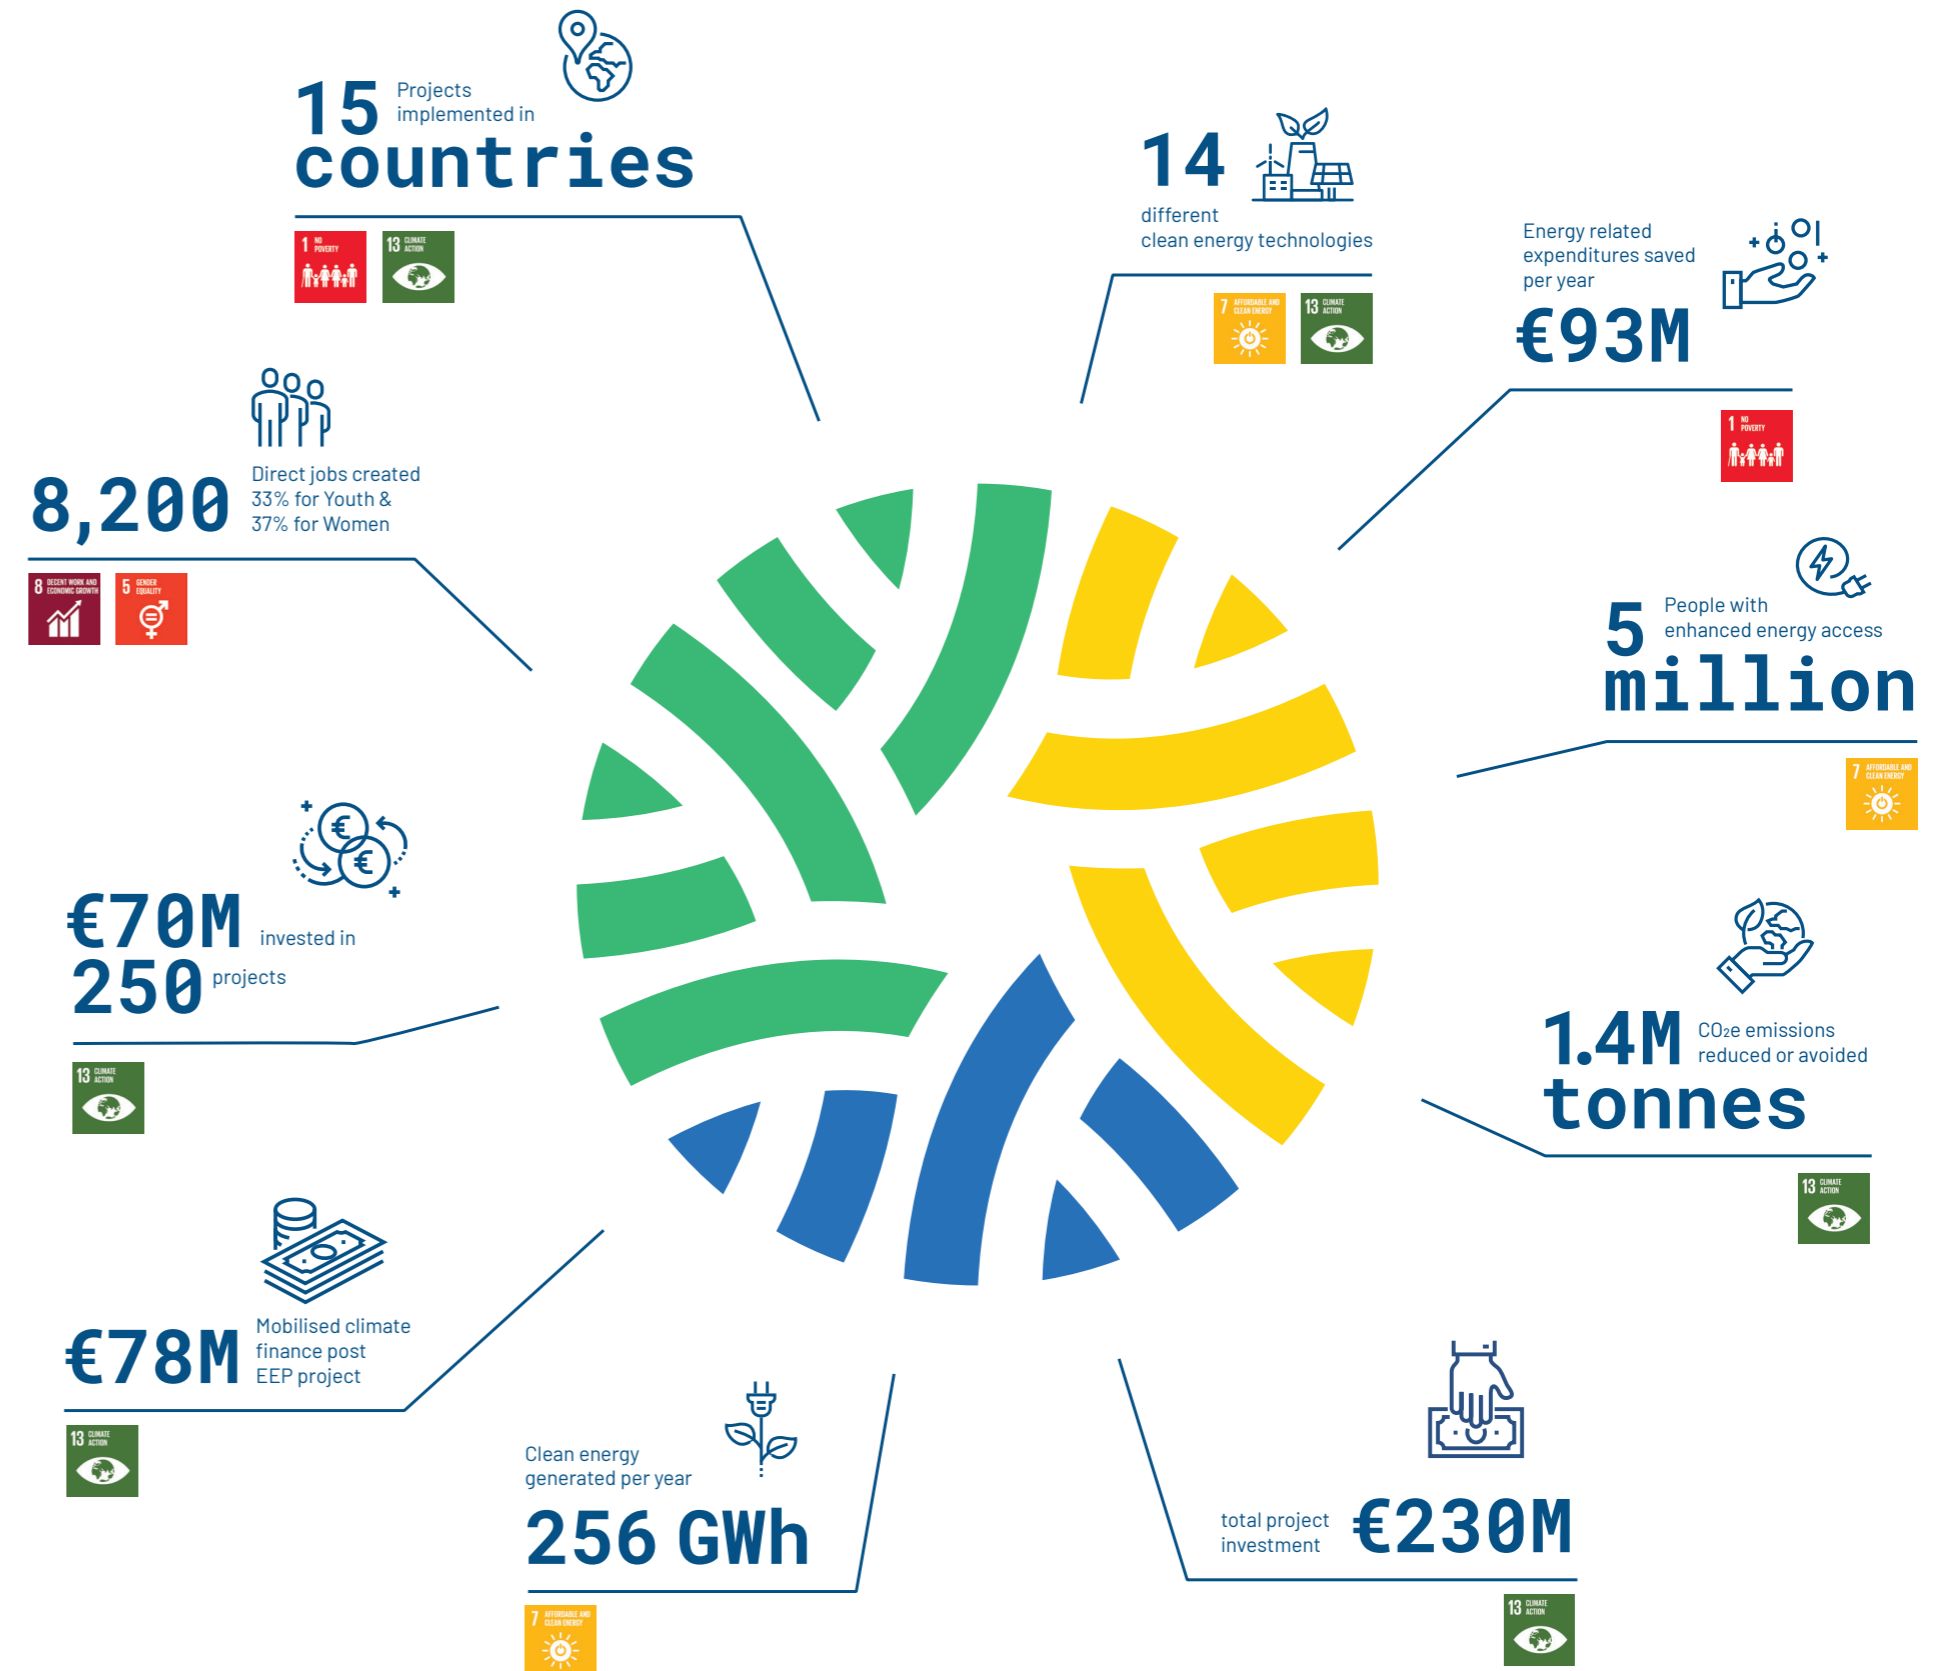

Knowledge Exchange Forum: An open learning event bringing together clean energy stakeholders for discussions on trends, experiences and lessons learned. Recent KEFs took place in Johannesburg (April 2019) and Kigali (November 2018).

Publications

EEP Africa produces a wide range of in-depth studies, case studies, fact sheets, sector reports, and market analyses based on data and learning from our diverse portfolio of clean energy projects. All EEP Africa publications are available for download at eepafrica.org.

CUMULATIVE ACHIEVEMENTS SINCE 2010

EEP Africa is guided by a vision of sustainable, climate resilient, green growth. The Fund enhances clean energy access, development and investment across the region, with a focus on poor, vulnerable and underserved groups.
